  - \* Team Meetings
- \* The JACoW website
- \* Activities since the Stakeholders Meeting at IPAC'13 in Shanghai
- \* JACoW Team Meeting, 2013 at LBNL, Berkeley, USA

# \* Introduction

## JACoW's Role

- \* To publish member conference's proceedings on the Internet at JACoW.org
- \* To provide support to member conferences by means of tools for conference organisation, proceedings production and shared software licenses.

## The Conference Role with respect to JACoW

- \* To deliver a complete set of files which are compatible with JACoW's requirements (!) in a WWW-ready format.

# \*which means ...

- \*The proceedings preparation and production is the **responsibility** of the **conference**.
- \*The JACoW Team will provide help to conferences but this has to be at the cost of the conference and on a **'good will'** basis.

# \* Open Archive

- \* JACoW is an Open Archive and our tools provide everything needed to set up and run a conference, process the papers, referee them and prepare the complete set of documents for publication on the web, on paper, on CD/DVD and USB sticks.
- \* We provide library metadata for Open Access archives (Inspire).
- \* Copyright under **Creative Commons Attribution 3.0** which allows you to use the work but you must attribute the work in the manner specified by the author or licensor.

# \* Open Archive

The Copyright under **Creative Commons Attribution 3.0 (CC by 3.0)** had been accepted by all institutes through their Stakeholders.

- \* For ICALEPCS'13 for the first time, an institute (ITER, France) requested a different license (**CC-NC-ND = NonCommercial, NoDerivatives**).
- \* The ICALEPCS and JACoW boards did not accept a change in licensing, therefore ITER's papers were not published and carry the note »**Contribution cannot be published due to ITER's restrictive license requirements**«.

# \* Collaboration Membership in 2014

\* From 3 series' in 1997, to **17** in 2014:

\* IPAC from 2010 (formerly PAC, EPAC, APAC, the founders”),

\* NA-PAC from 2011 (formerly PAC)

\* COOL, CYCLOTRONS, ECRIS, FEL, HIAT, ICAP, ICALEPCS, ICFA  
Advanced Beam Dynamics Workshops, LINAC, PCaPAC,  
RUPAC, SRF

\* IBIC from 2012

(IBIC is formed by European DIPAC and North-American BIW  
as “International Beam Instrumentation Conference”, in  
2014 the third IBIC in CA, USA)

# \* Collaboration Membership in 2014

\* New Members in the JACoW collaboration since last Stakeholders Meeting in 2013:

## \* EIC

» International Workshop for Accelerator Science and Technology for **Electron-Ion Colliders**«

EIC'14 was held in March '14 at Jefferson Lab, Newport News, VA, USA

## \* SAP

» **Symposium on Accelerator Physics**«

12th Symposium on Accelerator Physics, organized by the Particle Accelerator Branch of Chinese Physical Society, will be held in Lanzhou, China, 13-15 August, 2014

# \*Team Meetings

\* Regular attendance at Team Meetings is **essential** to maintain high standards and a **boundary condition** for JACoW conferences. The result is

- \* enhanced cooperation and collaboration across the whole accelerator field
- \* the development of the SPMS and associated Profile/Affiliation Repositories (>28,000 individual profiles, ~3,800 affiliations)
  - \* Mailing Lists
  - \* Organization of events, including scientific programme, delegate/exhibition registration, accommodation, refereeing
- \* experience and competence in professional electronic publication techniques
- \* swift publication on JACoW with JPSP scripts

# \*The JACoW Website

The screenshot shows the JACoW.org website homepage. At the top is the JACoW.org logo. Below it is a navigation menu with links: Home, Proceedings, for Authors, for Organizers, for JACoW Team, Tools, About, and Contacts. The main content area is titled "Joint Accelerator Conferences Website" and contains a paragraph describing the site's purpose. Below this is a grid of 20 blue buttons, each representing a different JACoW collaboration conference. To the right of the main content is a "JACoW News" sidebar with a list of recent publications, including "CYCLOTRONS'13", "CYCLOTRONS'95", "CYCLOTRONS'89", "CYCLOTRONS'86", "CYCLOTRONS'84", "CYCLOTRONS'78", "ECRIS'12", and "ICALEPCS'13 (150th)". At the bottom of the page is a section for "Upcoming Conferences" featuring three promotional images: IPAC14, "The 12th Symposium on Accelerator Physics", and "ECRIS-2014 NIZHNY NOVGOROD, RUSSIA 24-28 AUGUST 2014". To the right of these images is a red banner for "FEL 2014 Basel".

### Joint Accelerator Conferences Website

The Joint Accelerator Conferences Website (JACoW) is an international collaboration that publishes the proceedings of accelerator conferences held around the world. All conferences agree to the [policies and requirements for publication](#). Originally created for the publication of the proceedings of the Asian, European, and North American particle accelerator conferences (which in 2010 became the International Particle Accelerator Conference series, or IPAC), today the site hosts the [proceedings](#) of the following JACoW collaboration conferences:

ABDW	CYCLOTRONS	EPAC	IBIC	LINAC
APAC	DIPAC	FEL	ICALEPCS	NA-PAC
BIW	ECRIS	HB	ICAP	PAC
COOL	EIC	HIAT	IPAC	PCaPAC

# \*TM2013 at LBNL/Berkeley

2013 Team Meeting held at LBNL in Berkeley, CA, USA

## Main topics

### \* New Developments

- \* features in SPMS (Multiple Programme Codes, new workflow for paper upload),
- \* Templates (LaTeX, Word), Reference section, QR/barcode, Title page (**Ivan Andrian is going to report on this**)
- \* PSI file server: AutoDistill (embedding fonts and cropping to JACoW page size)

### \* Training (SPMS, Software-/Hardware Setup, Editing, Scripting)

### \* Documentation on the JACoW Website

# \*Next Team Meeting

The 2014 Team Meeting is planned for  
11–16 January 2015 in Melbourne, Australia
