

PAL COMMISSION RESEARCH ON LL 9-CELL CAVITY AND RESULTS

K. Saito, F. Furuta, KEK, Ibaraki

Abstract

KEK has contracted a commission research from PAL on LL 9-cell cavity in 2007-2009. In this research program, we have fabricated a L-band 9-cell cavity with LL shape and made the S0 tight loop study. In this paper, the fabrication and the test result will be presented.
