HIAT2022	Darmstadt	3/2	55	5	38

HIAT Conferences from 1973—2022

GSI/FAIR is honored to host the 15th International Conference on Heavy Ion Accelerator Technology in the Rhine-Main Metropolitan Region, in the City of Darmstadt, Germany. To allow for the original in person conference experience the 15th HIAT has been shifted by one year to 2022. It is scheduled to start on Monday, June-27 and will last until Friday, July-1, 2022.

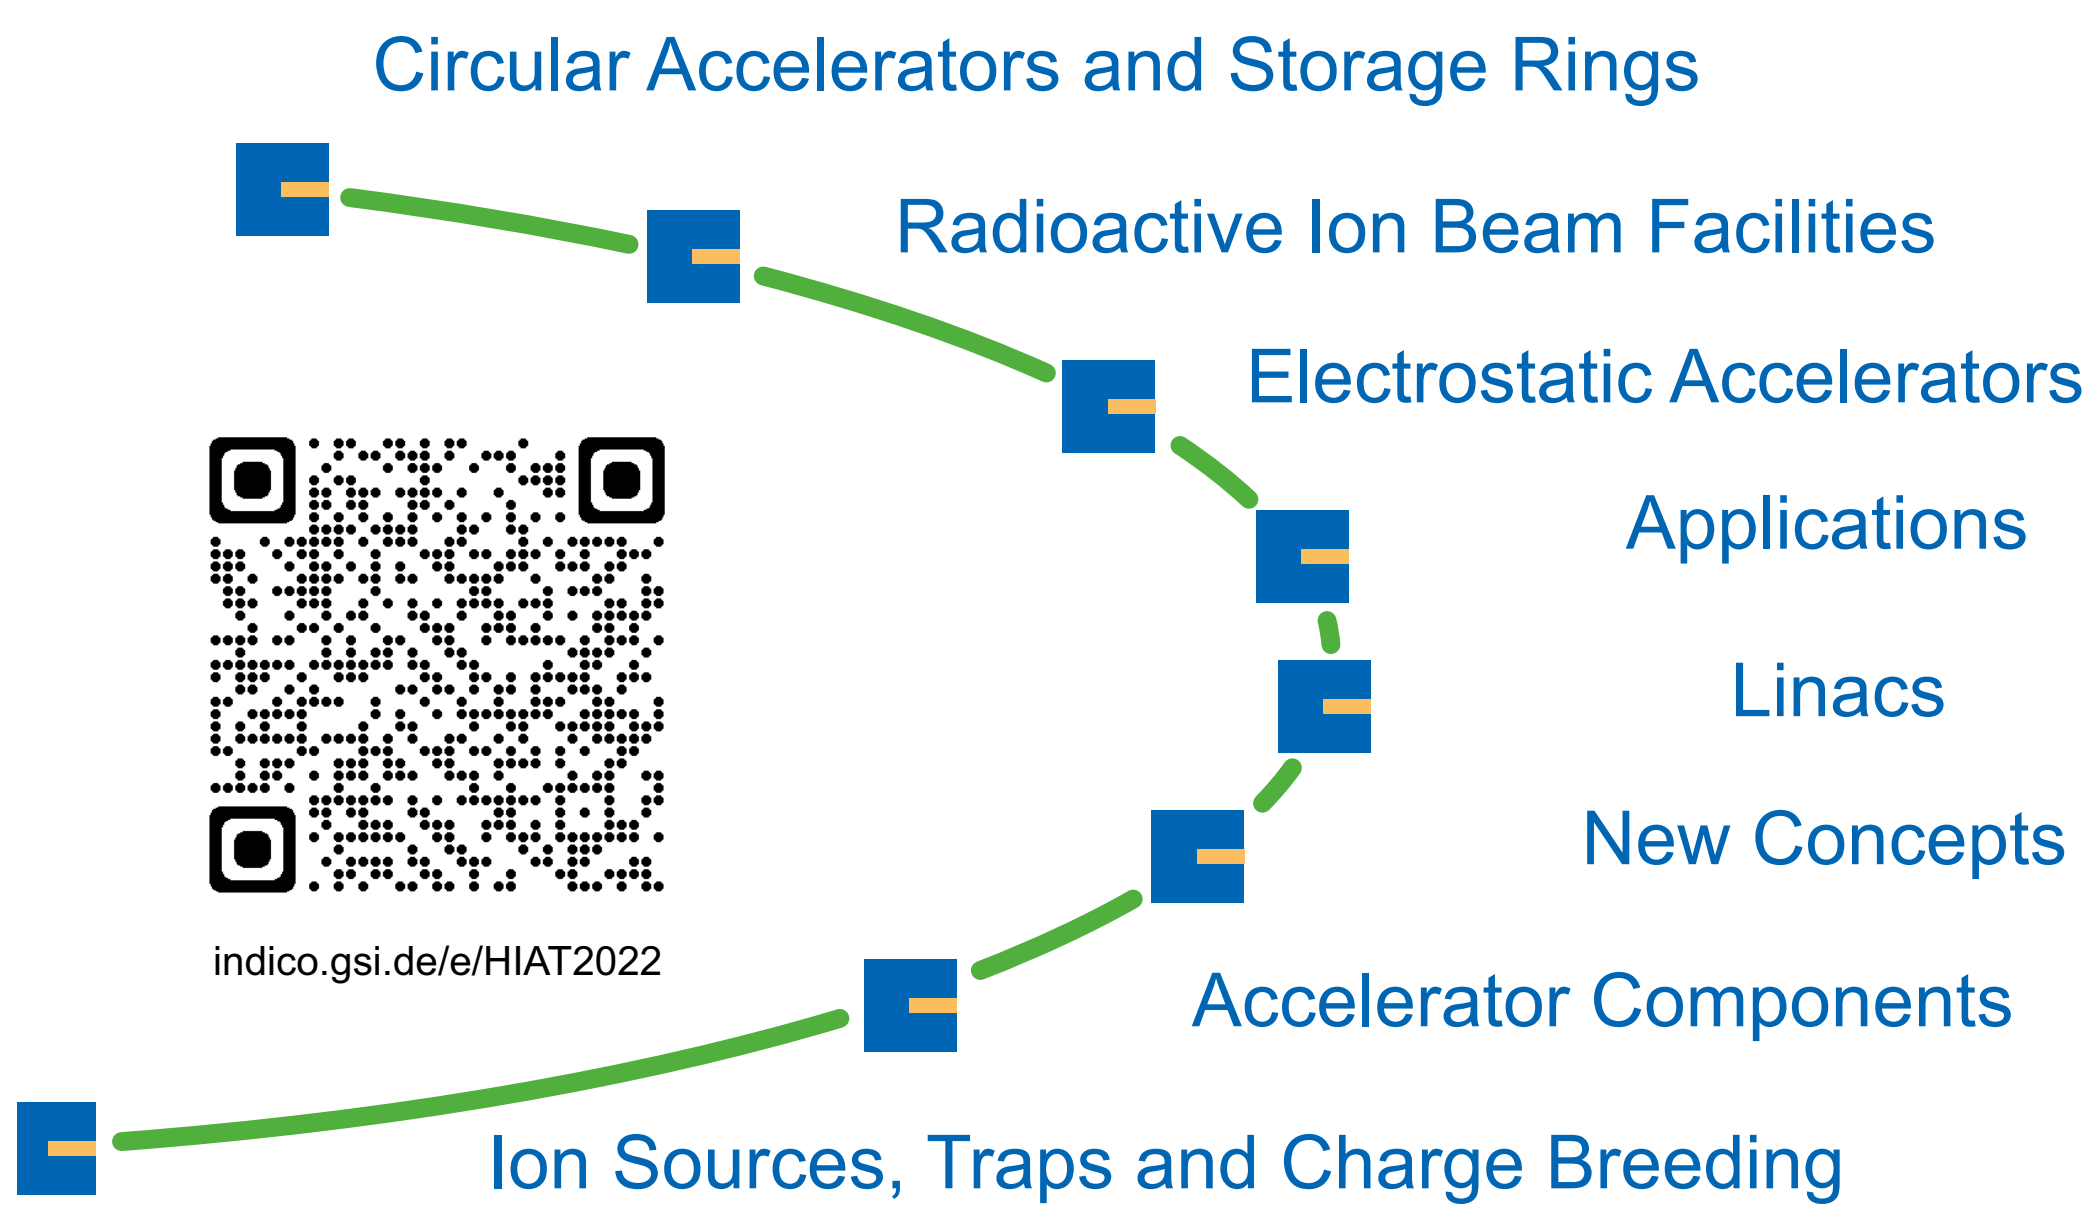

HIAT 2022 is the 15th in a series of conferences, going back to 1973 in Daresbury and followed by Strasbourg (1977), Oak Ridge (1981), Buenos Aires (1985), Strasbourg-Heidelberg (1989), Legnaro (1992), Canberra (1995), Argonne (1998), Delhi (2002), Brookhaven (2005), Venice (2009), Chicago (2012), Yokohama (2015) and Lanzhou (2018).

HIAT2022

Darmstadt

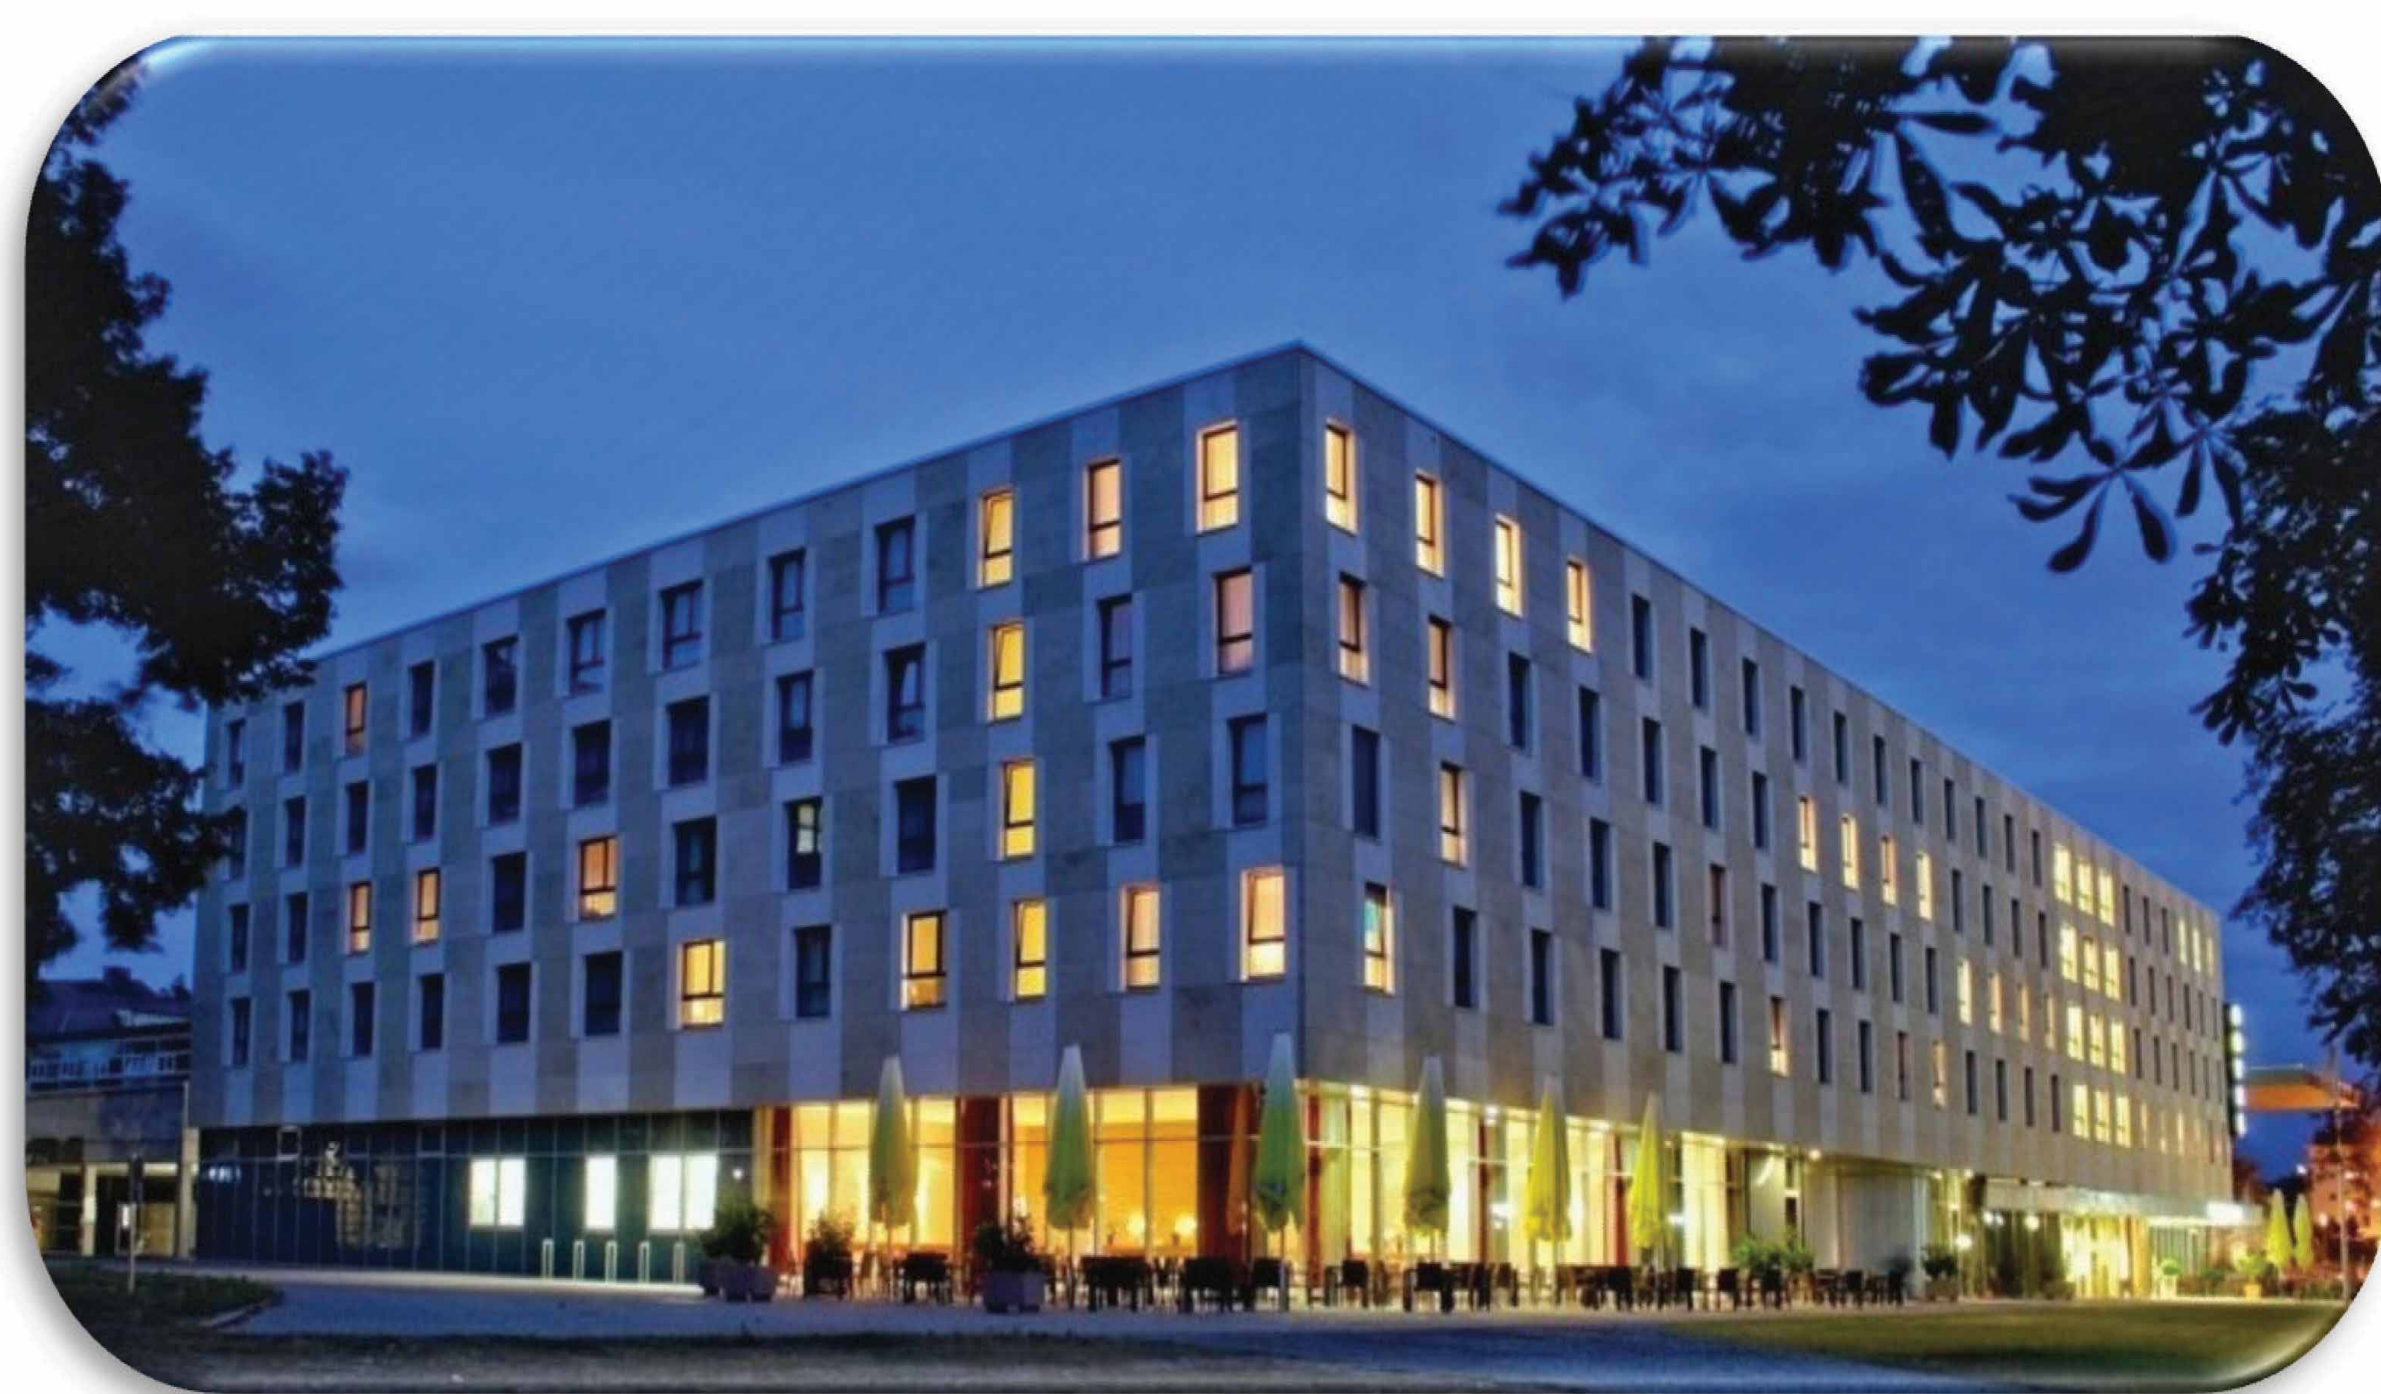

Rhine-Main Region

Germany

Conference Hotel

The conference takes place in the "Welcome Hotel" in the very center of Darmstadt and right beside it's most prominent park, the English style former royal garden "Herrngarten".

City of Darmstadt

The 15th International Conference on Heavy Ion Accelerator Technology welcomes you in the Rhine-Main Metropolitan Region, in the City of Darmstadt, Germany. Darmstadt, also dubbed the "City of Science", is a major center of science institutes like GSI/FAIR. It is home to three universities and hosts the European Space Operation Centre (ESOC). It has also a rich cultural heritage. Most notably it was a centre of the Art Nouveau movement ("Jugendstil") and is hence awarded a UNESCO world heritage site, the "Mathildenhöhe".
